How to Log into Yuzu Outside of My Course?

Step 1 – Account Creation

Simply launch the content within the course for the first time and an account will automatically be created for you on Barnes & Noble College's Yuzu platform. After your initial launch, you can navigate to the link below and select forgot password to access your account.

To access the Yuzu Web Reader or reset your password, please use the link below.

<http://reader.yuzu.com/>

New to Yuzu? Check out the Frequently Asked Questions Page below for a complete guide on using the Yuzu We Reader.

Installing Yuzu for Windows 10 PCs

Step 1 - Check compatibility

Yuzu is free to install on a supported Windows PC.

If your Windows PC runs Windows 10 (**64-bit x86**) version 10.0.16299 or higher, you can update to the latest version of Bookshelf.

Update to Windows 10

Please note: At this time Bookshelf for Windows will not run on Windows 10 devices with ARM or Microsoft® SQ1™ Series processors. Your Windows 10 PC will also need access to the Microsoft Store for installation.

Step 2 - Install Yuzu

DOWNLOAD YUZU FROM THE MICROSOFT STORE

Tap the **Windows Download** Button to go directly to the Yuzu download page in the Microsoft Store. Or on your PC, open the Microsoft Store, and search for "Yuzu."

Click the **Install** button and tap the **Accept** button. You may be prompted to sign in to your Microsoft Account.

If you need assistance with your Microsoft Account, please visit the [Microsoft Account Support Page](#).

Step 3 - Launch Yuzu and Sign-In

After installing Yuzu on your PC, launch Yuzu, and sign in with your Yuzu ID and password.

If you cannot remember your password, [reset it here](#). If you do not remember what email address you used with Yuzu, [contact Customer Care](#) and they will help.

You can authorize up to two mobile devices, which means that you can read your content on two different phones and tablets. For help with managing your authorized mobile devices, [visit our article on Managing Your Authorizations](#).

Installing Yuzu for Mac

Step 1 - Check compatibility

Yuzu is free to install on a [supported Mac](#). If your device supports macOS 10.12, you can update it to the latest version of Yuzu.

- [See if your device is compatible](#)
 - [How to upgrade to macOS Mojave](#)
-

Step 2 - Install Yuzu

DOWNLOAD YUZU FOR MACOS

Click the **Download Yuzu** Button to download the Yuzu installer to your Mac.

Double-click on the **Yuzu-eReader.dmg** to open the installer. Drag the Yuzu icon to the **Applications** folder. You may be required to enter your macOS account credentials to complete the installation of Bookshelf.

Step 3 - Launch Yuzu and Sign-In

After installing Yuzu on your Mac, launch Yuzu, and sign in with your Yuzu ID and password.

If you cannot remember your password, [reset it here](#). If you do not remember what email address you used with Yuzu, [contact Customer Care](#) and they will help.

You can authorize up to two mobile devices, which means that you can read your content on two different phones and tablets. For help with managing your authorized mobile devices, [visit our article on Managing Your Authorizations](#).

Installing Yuzu on your iPad, iPhone, or iPod Touch

Step 1 - Check compatibility

Yuzu is free to install on your favorite supported iPad, iPhone, or iPod Touch. If your device supports iOS 12, you can update it to the latest version of Yuzu.

- [See if your device is compatible](#)
 - [Update to the latest version of iOS](#)
-

Step 2 - Visit the Yuzu Download Page in the App Store

[DOWNLOAD YUZU FROM THE APP STORE](#)

Tap the Download Yuzu Button to go directly to the Yuzu download page in the App Store. Or on your iOS device, tap the App Store icon, and search for "Yuzu."

Step 3 - Install Yuzu

Tap the **Install** button and tap the **Accept** button. You may be prompted to sign in with your Apple ID. If you need assistance with your Apple ID, [please visit the Apple ID Support Page](#).

Step 4 - Launch Yuzu and Sign-In

After installing Yuzu on your iPad, iPhone, or iPod Touch, tap on the Yuzu icon to launch Yuzu. Sign in with your Yuzu ID and password.

If you cannot remember your password, [reset it here](#). If you do not remember what email address you used with Yuzu, [contact Customer Care](#) and they will help.

You can authorize up to two mobile devices, which means that you can read your content on two different phones and tablets. For help with managing your authorized mobile devices, [visit our article on Managing Your Authorizations](#).

Installing Yuzu on your Android Phone or Tablet

Step 1 - Check compatibility

Yuzu is free to install on your favorite [Android phone or tablet](#). If your Android phone or tablet supports Android 5.0, you can update to the latest version of Bookshelf.

- [Update to the latest version of Android OS](#)

Step 2 - Visit the Yuzu Download Page in the Google Play Store

[DOWNLOAD YUZU FROM THE GOOGLE PLAY STORE](#)

Tap the Download Yuzu Button to go directly to the Yuzu download page in the Google Play Store. Or on your iOS device, tap the App Store icon, and search for "Yuzu."

Step 3 - Install Yuzu

Tap the **Android Download** Button to go directly to the Bookshelf download page in the Google Play Store. Or on your Chromebook device, double-click the Google Play Store icon, and search for "Yuzu."

Tap the **Install** button and tap the **Accept** button. You may be prompted to sign in to your Google Account.

If you need assistance with your Google Account, please visit the [Google Account Recovery Page](#).

Step 4 - Launch Yuzu and Sign-In

You will need to sign into Yuzu to see all of your eBooks. If you don't know the email address you used with Yuzu or password, we can help.

If you cannot remember your password, [reset it here](#). If you do not remember what email address you used with Yuzu, [contact Customer Care](#) and they will help.

You can authorize up to two mobile devices, which means that you can read your content on two different phones and tablets. For help with managing your authorized mobile devices, [visit our article on Managing Your Authorizations](#).
